CHAPTER 8. STATE AID FOR LOCAL HEALTH ADMINISTRATION (Chapter 8 added by Stats. 1947, Ch. 1562)

Article 1. Definitions and General Policy

Policy

1100. The rapid increase in the population of the State and the increasing industrialization in both the urban and rural areas necessitate the provision of effective public health services to all the people of the State.

In many areas within the State local public health agencies (that is, health departments of counties, cities and local health districts) lack the necessary funds, and the local population lack the means to furnish funds, to provide effective public health services.

The Legislature therefore seeks to further the provision of necessary public health services by granting financial assistance to cities, counties, and local health districts, thus enabling them to meet present and future health needs in an efficient and effective manner. The funds to be granted are to augment local appropriations provided for public health purposes, and shall not be used to replace local appropriations.

Minimum
population
for public
health unit

The administrative pattern providing public health services to all the people of the State will vary in different areas. It is generally recognized that the minimum population necessary for efficient administration of a local public health unit is approximately 50,000. To attain this desirable population minimum it will be necessary in some areas for two or more counties to unite and establish a single administrative public health unit.

(Added by Stats. 1947, Ch. 1562.)

"Popula-
tion"

1101. "Population," for the purpose of this chapter, shall be determined by the most recent United States decennial census; provided, however, whenever it appears to the State Department of Public Health that the population of any city, county, or city and county has changed sufficiently to warrant adjustment, the State Department of Public Health for purposes of this chapter may determine population for cities, counties, and cities and counties.

(Added by Stats. 1947, Ch. 1562.)

"Local
health de-
partment"

1102. For the purposes of this chapter a "local health department" shall be interpreted to mean any one of the following public health administrative organizations:

(a) A local health district created pursuant to Division 1, Part 2, Chapter 6 of the Health and Safety Code, which includes territory in one or more counties, and which includes at least all of the cities which have less than 50,000 population in such county or counties.

(b) A local health department serving one or more counties which shall on the effective date of this act and thereafter provide services to all cities whose population is less than 50,000 in addition to the unincorporated territory of such county or counties.

(c) A county health department which does not serve all of the cities of less than 50,000 population, but which has the provisional approval of the State Department of Public Health, in accordance with Section 1140.

(d) The health department of a city of 50,000 or greater population, except that the governing body of such city by resolution may declare its intention to be included under the jurisdiction of the county health department, or of the local health district serving other territory in such county, as provided by existing statutes.

(e) The local health department of any county which had under its jurisdiction on the effective date of this chapter a population in excess of 1,000,000, or the local health department of any city and county.

Those members present at official sessions shall be considered as making up a quorum.

Meetings

Actual and necessary expenses incident to attendance at not more than two meetings per year of the conference shall be a legal charge against the local governmental unit. (a) A basic allotment as follows:

To the administrative bodies of local health departments serving the territory in one or more counties a basic allotment of sixteen thousand dollars (\$16,000) per county or sixty cents (\$.60) per capita per county, whichever is the lesser; provided, however, that if a county is divided into two or more local health department jurisdictions the basic allotment shall be divided between the departments in proportion to the population served by each department, except that no funds shall be available to any city of less than 50,000 population for the maintenance of an independent health department.

(b) A per capita allotment, determined as follows:

After deducting the amounts allowed for the basic allotment as provided in this section, the balance of the appropriation shall be allotted on a per capita basis to the administrative body of each local health department in the proportion that the population of that local health department jurisdiction bears to the population served by all qualified local health departments of the State.

(Added by Stats. 1947, Ch. 1562; amended by Stats. 1953, Ch. 1231. Effective July 1, 1954.)

1153. After determining the total amounts available to each area, the State Department of Public Health shall notify the governing body of each local health department of such amount, and of the conditions governing its availability.

(Added by Stats. 1947, Ch. 1562.)

Each quarterly payment may be adjusted on a basis of the actual expenditures during the previous quarter, if such adjustment is necessary to maintain the minimum proportional relationship of state and local expenditures as outlined in Section 1154. The State Department of Public Health shall certify to the State Controller the amounts to be paid to each local health department each quarter and the State Controller shall thereupon draw the necessary warrants, and the State Treasurer shall pay to the administrative body of each local health department the amount so certified. Any such payments may be withheld by the State Department of Public Health if a local health department fails to continue to meet the minimum standards established, provided that not less than 45 days' advance notice of intention to withhold such payments, and the reasons therefor, shall be given to the governing body of the local health department.

The State Department of Public Health may conduct such local public health service either directly, or by contract with other agencies, or by some combination of these methods as may be agreed upon by the State Department of Public Health and the board of supervisors of the county concerned. It shall be signed by registered voters in each unit of the proposed district, equal in number to at least 10 per cent of the number of votes cast in each unit respectively for the office of Governor at the last gubernatorial election prior to the time the petition is presented. Petition

Before a city can be included in the proposed district, its governing body shall request the inclusion of the city by resolution, duly authenticated. Consent of city

In the event the board of supervisors adopts a resolution of intention, such resolution shall describe the boundaries of the proposed district and shall set a time and place at which the board will consider the organization of the district, and shall state that all persons interested may appear and be heard. Such resolution of intention shall be published in the same manner and for the same length of time as a petition. Alternative method of organizing

Finding

2221. Finality of finding

2222. A finding of the board of supervisors in favor of the genuineness and sufficiency of the petition and notice is final and conclusive against all persons except the State in a suit commenced by the Attorney General.

Filing of
order

2225. If at any time after the board of supervisors has entered its order for organization good cause appears therefor, the district board may, by a two-thirds vote of its members, adopt a resolution reciting the facts, declaring the advisability for a change of the district's name, and setting forth therein a new name for the district. A certified copy of such resolution shall be transmitted to the board of supervisors of the county in which the district, or the greater portion of the land of the district, is situated.

Article 5. Finances and Taxation

Estimate
of money
needed

2300. The district board of each mosquito abatement district shall, at least 15 days before the first day of the month in which the board of supervisors of the county in which the district is situated is required by law to levy the amount of taxes required for county purposes, furnish the board of supervisors

and county auditor of the county an estimate in writing of the amount of money necessary for the district's purposes during the next ensuing fiscal year. The amount of money necessary for the district's purposes may include a cash-basis fund and an emergency fund.

(Amended by Stats. 1947, Ch. 1020.)

2301. If the district is in more than one county the total estimate shall be prorated for each county by the district board in proportion to the value of the taxable property of the district in each county. The value of the taxable property shall be determined from the last equalized assessment rolls of the counties. When the proration of the estimate has been made, the district board shall furnish the supervisors and auditors of each county a written statement of the apportionment for that county.

Proration of
estimate

2302. The board of supervisors of each county in which any part of a district is situated shall, at the time of levying county taxes, levy a tax to be known as the "----- mosquito abatement district tax," sufficient to raise the amount reported to it by the district board, upon property of the district in the county. The board of supervisors shall determine the rate of the tax by deducting 15 per cent for anticipated delinquencies from the total assessed value of the taxable property of the district within the county as it appears on the assessment roll of the county, and then dividing the sum reported to it by the district board by the remainder of the total assessed value.

(Amended by Stats. 1st Ex. Sess. 1946, Ch. 43.)

2302.1. If the rate thus produced is fifteen cents (\$0.15) or less on each one hundred dollars (\$100) of taxable property of the district in the county the county board of supervisors shall levy the tax at the rate thus produced. If the rate thus produced exceeds fifteen cents (\$0.15), the board of supervisors may require of the district such information as will enable it to determine the necessity of the expenditures contemplated by the estimate, and, in its discretion, and after a finding of necessity therefor, levy the tax at the rate thus produced or at such lower rate as it finds will produce the amount required to meet the expenditures found by it to be necessary; but if it finds that such necessity does not exist, it shall levy the tax at the rate of fifteen cents (\$0.15) or less on each one hundred dollars (\$100) of taxable property in the district.

If the district is in more than one county, the board of supervisors of any county in which the district lies shall not levy a tax at a rate in excess of fifteen cents (\$0.15), unless the boards of supervisors of the other counties in which the district lies levy the tax at the same rate. If the boards of supervisors can not agree on a rate to be levied in excess of fifteen cents (\$0.15), the rate of tax shall not exceed fifteen cents (\$0.15). The maximum rate of the tax shall not be greater than forty cents (\$0.40) on each one hundred dollars (\$100) of taxable property of the district in the county.

(Added by Stats. 1st Ex. Sess. 1946, Ch. 43.)

Election for
additional
tax

2303. Whenever it appears to the district board that the amount of funds required during an ensuing fiscal year will exceed the amount that can be raised by a levy by the board of supervisors of the maximum rate for the annual district tax, the district board may call an election to submit to the electors of the district the question of whether a tax shall be voted for raising the additional funds.

Notice

2304. Notice of the election shall be published for at least four weeks prior to the election.

Conduct of
election

2305. No particular form of ballot shall be required, nor shall any informalities in conducting the election invalidate it if it is otherwise fairly conducted.

Ballot

"Pest," as used in this chapter, includes any plant, animal, insect, fish, or other matter or material, not under human control, which is offensive to the senses or interferes with the comfortable enjoyment of life, or which is detrimental to the agricultural industry of the State, and is not protected under any other provision of law. "Pest"

(Amended by Stats. 1945, Ch. 957.)

2801. This chapter is supplemental to any other provision of law relating to the abatement of pests or nuisances. Supplementary to other laws

2802. "District," as used in this chapter, means any pest abatement district formed pursuant to this chapter or pursuant to any law which it supersedes. "District"

2803. Any person who restrains, hinders, or threatens any officer or employee of a district in the performance of his duties as such officer or employee is guilty of a misdemeanor. Penalty

(Added by Stats. 1941, Ch. 361.)

Article 2. Formation

2822. The organization of a pest abatement district may be initiated by a petition, describing the exterior boundaries of the proposed district, and the nature of the pest or pests to be controlled or abated. Petition

2822.5. The petition shall state the basis on which the property in the district shall be taxed for district purposes which shall be either on the basis of area or on the basis of assessed valuation. Tax basis

(Added by Stats. 1941, Ch. 334.)

Rate of
assessment

2823. The petition may fix the maximum rate of assessments that may be levied by the district.

Require-
ments of
petition

2824. The petition shall be signed by registered voters residing in the proposed district equal in number to 10 per cent of the votes cast in the proposed district for Governor at the last preceding gubernatorial election. The petition may consist of any number of separate instruments, which shall be duplicates, except for the signatures and addresses of the signers. Each person who signs the petition shall also state his address.

Signatures

2825. The petition shall be presented to the clerk of the county in which the land in the proposed district is situated. The clerk shall compare the signatures on the petition with the signatures of the registered voters on his records for the purpose of ascertaining whether the petition meets the signature requirements of this article.

Supplemen-
tary petition

2826. If the petition lacks sufficient signatures the county clerk shall certify that fact, and at any time within 60 days thereafter additional signatures may be presented to supplement the signatures on the original petition. The additional signatures shall be compared by the clerk in the same manner as the original signatures. If sufficient additional signatures are not presented, proceedings under the petition shall be terminated, without prejudice to the right to file a new petition.

Certificate of
sufficiency

2827. If the petition contains the requisite number of signatures the clerk shall make a certificate to that effect, and shall present the petition and his certificate to the board of supervisors.

Notice of
hearing

2828. If the board of supervisors finds that the petition has been properly presented, the board shall, by resolution, fix a time for hearing the petition, which shall be not less than two nor more than five weeks from the time of its presentation. It shall also publish a notice of the time and place of the hearing in a newspaper of general circulation, printed and published in the county, for not less than two weeks prior to the time of the hearing.

Changes in
boundaries

2830. The board of supervisors may make such changes in the proposed boundaries of the district as it may consider advisable. It may exclude any land in the proposed district upon the application of the owner, or it may include any land outside and contiguous to the proposed district upon the application of the owner, if it determines that the exclusion or inclusion is proper.

Order

2831. If, upon the hearing, the board of supervisors determines that the public interest or welfare of the proposed terri-

tory and its inhabitants requires the formation of the district, it shall, by resolution, declare its findings and order that the territory within the boundaries determined by it is a district, under an appropriate name to be selected by it.

2832. The clerk of the board of supervisors shall immediately file a certified copy of the order in the office of the county recorder in which the district is situated and with the Secretary of State. Power to
borrow
money

2855. The district board may borrow money in any fiscal year, which shall not exceed the anticipated revenue of that fiscal year and which shall be repaid in the same fiscal year. Such money shall be borrowed upon such other terms as the board shall fix; provided, that interest shall not exceed 6 percent, computed annually or semiannually.

The district board may also issue warrants payable upon a future date in the same fiscal year as issued, which shall be evidentiary of the obligation to repay the money so borrowed and interest thereon, and for that purpose such warrant may bear such interest as is fixed by the terms of the agreement to repay.

Article 4. Taxation

2871. The board of supervisors shall levy, annually, a tax sufficient to raise the amount required for the purposes of the district. If the rate has been fixed by the organization petition, the rate fixed by the board shall not exceed that rate.

(Amended by Stats. 1939, Ch. 449, and by Stats. 1941, Ch. 334.)

Area of land

2871.5. If the petition states that the property shall be taxed on the basis of area, the rate shall be uniform and based on area of land, regardless of assessed valuation. The county assessor of each county shall prepare an assessment roll showing the names and addresses and the acreage owned by each

person owning land within a district, which roll shall be the basis for the tax provided for herein.

(Added by Stats. 1941, Ch. 334.)

2871.7. If the petition states that the property shall be taxed on the basis of assessed valuation, the board shall determine the rate of the tax by deducting 15 per cent from the total assessed value of the property in the district appearing upon the assessment roll and then dividing the amount required to be raised by the remainder of the assessed value.

Assessed
valuation

(Added by Stats. 1941, Ch. 334.)

2872. All taxes levied under this chapter shall be assessed and collected at the same time and in the same manner as other taxes are collected for county purposes, and shall be paid into the county treasury to the credit of the district.

Collection
of tax

2873. The funds of the district shall be withdrawn from the treasury upon the warrant of the district board.

Withdrawal
of funds

2874. The board of supervisors, from time to time, may order a temporary transfer of money from other available funds in the county treasury to the credit of the district fund. The transfer shall be made only upon resolution adopted by the board of supervisors directing the treasurer to make the transfer. It shall not exceed 85 per cent of the taxes accruing to the district, and shall not be made prior to the first day of the fiscal year nor after the last Monday in April of the current fiscal year. Any funds transferred shall be replaced from the taxes accruing to the district before any other obligation of the district is met from those taxes.

Transfer
of funds

2875. Upon application of registered voters in the district equal to the number required for a petition to initiate proceedings for the organization of the district and after notice published as prescribed for notice of hearing on a petition for organization and a hearing on the matter, the board may change the basis upon which the property in the district shall be taxed from one permitted basis to the other. Thereafter in ensuing tax periods the basis as changed shall be the basis of taxation for the district.

Change of
tax basis

(Added by Stats. 1941, Ch. 334.)

2876. Notwithstanding whichever permitted basis is the basis upon which the property in the district shall be taxed, if a district is organized in any year too late for the levy of a tax in that year or in the next ensuing year, the board is hereby authorized to transfer funds of the county not immediately needed for county purposes to the district fund to be used for the payment of the expenses of such district until such time as special assessment tax receipts are available therefor. The board shall include, in the levy of taxes for the district for the first fiscal year in which a tax may be levied, a sum sufficient to repay to the county the amounts so transferred to the district for the portion or portions of the preceding fiscal year or years for which no levy of taxes was made for that purpose and the amounts so transferred shall be retransferred to the county treasury from

Article 5. Annexation

Annexation:
By petition
of owner

2900. At any time after the incorporation of a district, land contiguous to it may be annexed upon a petition of the owner, if the board of supervisors finds that the annexation will benefit both the land to be annexed and the district.

Same: By
formation
procedure

2901. At any time after the incorporation of a district upon application of such persons as could have initiated proceedings for the formation of a district composed of the land sought to be annexed, land contiguous to the district may be annexed by the board of supervisors upon like procedure, notice, and hearing as provided for formation of a district.

Same: By
resolution of
board of
supervisors

Such resolution shall describe the boundaries of the area proposed to be annexed and shall, so far as practicable, contain all matters of fact and finding required upon proceedings for the formation of a district and shall set a time and place at which the board will consider the annexation of such area, and shall state that all persons interested may appear and be heard. The dissolution of a district shall not have any effect on any taxes previously levied. Petition

Article 5.6. Bonds for Improvement of a Portion of a District

(Article 5.6 added by Stats. 1955, Ch. 707)

4806. As an alternative method of issuing bonds the district board may, after the approval and adoption of an engineer's report for a portion of the district, if it deems it necessary to incur a bonded indebtedness to obtain funds with which to acquire the property and do the work set forth in the report, by resolution so declare and state: (a) the general objects and purposes for which the proposed debt is to be incurred; provided, however, that such general objectives and purposes shall not include the acquisition or construction of new local street sewers or laterals as distinguished from main trunk, interceptor and outfall sewers; (b) the amount of debt to be incurred; (c) that the district board intends to form an improvement district of that portion of the district which in the opinion of said board will be benefited, the exterior boundaries of which portion are set forth on a map on file with said board, which map shall govern for all details as to the extent of the proposed improvement district, and to call an election in such improvement district on a date to be fixed, for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the district for said improvement district; (d) that taxes for the payment of said bonds and the interest thereon shall be derived exclusively from an annual tax upon the real property in the improvement district; (e) that the engineer's report, together with a map showing the exterior boundaries of said proposed improvement district with relation to the territory immediately contiguous thereto and to the proposed improvement, are on file with the district board and are available for inspection by any person interested; (f) the time and place for a hearing by the board on the questions of the formation of said proposed improvement district, the extent thereof, the proposed improvement and the amount of debt to be incurred; and (g) that at the time and place specified in the resolution any person interested, including all persons owning property in the district or in the proposed improvement district, will be heard.

Notice of
hearing

(Added by Stats. 1955, Ch. 707.)

Hearing

terested, including any person owning property within the district or within the proposed improvement district, may appear and protest the inclusion of his property within the proposed improvement district and/or present any other matters material to the questions set forth in the resolution declaring the necessity for incurring the bonded indebtedness.

Change of
purpose:

The district board shall have power to change the purpose for which the proposed debt is to be incurred, or the amount of bonded debt to be incurred, or the boundaries of said proposed improvement district, or one or all of said matters; provided, however, that said board shall not change such boundaries so as to include any territory which will not, in its judgment, be benefited by said improvement; and provided further, that said board shall exclude from the proposed improvement district any territory which it finds will not be benefited by inclusion therein. If the district board proposes to change the purposes for which the proposed debt is to be incurred, it shall cause appropriate changes to be made in the report before giving notice of such change. The purpose, amount of bonded debt and boundaries shall not be changed by said board except after notice of its intention to do so, given by one insertion in a newspaper having general circulation in said county sanitation district, and by posting in three public places within said proposed improvement district. Said notice shall state the changed purpose and debt proposed and that the engineer's report as changed by said board, together with a map showing exterior boundaries as proposed to be changed, are on file with the district board and are available for inspection by any person interested, and specify the time and place for hearing on such change, which time shall be at least 10 days after publication or posting of said notice. At the time and place so fixed, or at any time and place to which the hearing is adjourned, said board shall continue with the hearing. At the hearing any person interested, including any person owning property within the district or the proposed improvement district, may appear and present any matters material to the changes stated in the notice.

Notice

Statement of

and conclusive. After the formation of such improvement district within a county sanitation district, all proceedings for the purpose of a bond election shall be limited and shall apply only to the improvement district, and taxes for the payment of said bonds and the interest thereon shall be derived exclusively from an annual tax upon the real property in the improvement district.

(Added by Stats. 1955, Ch. 707.)

When the board has made its determinations as provided in Section 4808 and if the board deems it necessary to incur the bonded indebtedness, the board shall by resolution call a special election in said improvement district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the district for said improvement district. Said resolution shall state: (a) that the board deems it necessary to incur the bonded indebtedness; (b) the purpose for which the bonded indebtedness will be incurred; (c) the amount of debt to be incurred; (d) the name of the improvement district to be benefited by said indebtedness, as set forth in the resolution making determinations, and that a map showing the exterior boundaries of said improvement district is on file with the district board, which map shall govern for all details as to the extent of the improvement district; (e) that taxes for the payment of such bonds and the interest thereon shall be derived exclusively from an annual tax upon the real property in said improvement district; (f) the maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years; (g) the maximum rate of interest to be paid, which shall not be more than the rate specified in this chapter for bonds of the district, payable at the time specified in this chapter for bonds of the district; (h) the measure to be submitted to the voters; (i) the date of the election; and (j) the election precincts, polling places and election officers.

4993. If the proceeds of the bonds for any reason are less than the cost of the works, additional bonds may in like manner be issued and sold to provide for the amount of the deficit, but not to exceed the amount necessary to complete the works according to the original plans and specifications. Such deficiency bonds shall be deemed to be the same in all respects as the original issue, and shall be entitled to payment, without preference or priority over the bonds first issued, and shall be disposed of in like manner.

In such event, the first interest coupons shall be for interest from the date of said bonds of such issue or series or division to the maturity date of said coupons.

Bonds payable subsequent to second installment of taxes

(Repealed by Stats. 1939, Ch. 1124. Added by Stats. 1951, Ch. 1648.)

4996. If the result of any election upon the question of the issuance of bonds is in favor of issuance, the board may, in its discretion, commence in the superior court of the county, a special proceeding to determine its right to issue the bonds and their validity, similar to the proceeding in relation to irrigation bonds, provided for by the "Irrigation District Law," and all supplementary acts, and all their provisions apply to and govern the proceedings to be commenced by the board, so far as applicable.

- Requiring connection with sewerage system** 5009. Whenever any community in the district is provided with a sewerage system under this chapter the governing body having jurisdiction over that community shall declare the further maintenance or use of cesspools or other local means of sewage disposal to be a public nuisance and shall require all buildings inhabited or used by human beings to be connected with the sewerage system, within 90 days from completion, if the buildings to be served thereby are within 100 feet of the system.
- Work by bids or contract** 5010. All works acquired or constructed under this chapter where the expense involved exceeds five hundred dollars (\$500), shall be done by contract which shall be awarded to the lowest responsible bidder as provided in this chapter. If the bonds are purchased by the Reconstruction Finance Corporation or other fiscal agency of the United States on condition or request that the governing body have the work performed by day labor instead of by contract, the governing body may comply with the condition or request and the work need not be done by contract.
- Compliance with Federal law 47 Stat., 709** 5011. The governing body shall comply with all the conditions and requirements of the Emergency Relief and Construction Act of 1932, respecting the employment of labor, and other matters in connection therewith unless they are in conflict with the Constitution and laws of this State.
- Notice inviting bids** 5012. Before awarding any contract for construction of works the governing body shall cause to be published a notice inviting sealed bids for doing it.
- The notice shall refer to the plans and specifications on file. It shall be published twice in a daily, semiweekly, or weekly newspaper, published and circulated in the district, and des-

ignated by the governing body. If there is no newspaper published in the district, and the district is less than a county, the notice shall be published in a newspaper in the county in which the district is located.

The time fixed for receiving bids shall be not less than 10 days from the first publication of the notice.

5013. All bids shall be accompanied by a certified check payable to the district for an amount that is not less than 10 per cent of the aggregate of the bid. No bid shall be considered unless accompanied by the check.

Bids accompanied by check

5014. The bids shall be delivered to the clerk. The governing body shall, in open session, publicly open, examine, and declare them.

Opening bids

5015. The governing body may reject all bids if it deems this for the public good, and shall reject all bids other than the lowest regular responsible bidder, and may award the contract to him at the price named in his bid.

Rejection of bids

5016. If the bids are rejected or if no bids are received, the governing body may readvertise for bids as in the first instance without further proceedings.

Readvertising for bids

5017. If the successful bidder fails, neglects, or refuses for 20 days after written notice of the award has been mailed him to enter into the contract to perform the work, the check accompanying his bid, and the amount therein named, shall be declared forfeited to the district, and shall be collected by it and paid into its general fund.

Forfeiture of deposit

5018. Each contractor shall, at the time of entering into the contract, execute a surety bond to the satisfaction and approval of the governing body in a sum not less than 25 per cent of the amount of the contract, conditioned upon its faithful performance.

Faithful performance bond

5019. The contract shall provide that the work shall be commenced within 20 days after the contractor has received written notice from the clerk that there is sufficient money or revenue bonds in the special fund provided to pay the contract price.

Commencement of work

5020. At the time of entering into the contract the contractor shall execute, deliver, and file with the governing body a good and sufficient surety bond, in a sum not less than one-half the total amount payable by the terms of the contract, conditioned upon the payment by the contractor or his subcontractors, for any and all materials, provisions, provender, other supplies, or teams, or the use of implements or machinery used in, upon, or about the performance of the work.

Material-men's bond

5021. All provisions of the codes and general laws relating to notice and the foreclosure of such liens are applicable, but suit may only be brought on the bond within six months after the expiration of the period for the filing of verified claims.

Foreclosure of lien

5022. In all respects not otherwise provided for in this chapter the bond shall be in conformity with the requirements of the general law of the State regarding contractor's bonds

Provisions of bond

for the benefit of laborers and materialmen, who shall have a first lien against any moneys or bonds due or about to become due the contractor.

Article 6. Finances

Payment of
preliminary
expense from
general fund

5025. All necessary preliminary expenses incurred by the governing body in carrying out this chapter, including the making of surveys, plans, and estimates of costs and revenues, compensation of employees, the giving of notices, taking of options, and all other expenses of whatsoever nature, necessary to be paid prior to the issue and sale of the bonds, may be advanced out of the general fund of the district. The general fund shall be fully reimbursed out of the first money received from the sale of the bonds, and before any other disbursements are made therefrom.

Funds for
compensation
of employees
and other
expenses

5026. All compensation of employees, and all other expenses, incurred in carrying out the provisions of this chapter shall be paid solely from funds provided under the authority of this chapter.

Use of bond
funds

5027. After reimbursement and repayment to the district of all amounts advanced for preliminary expenses, all money, other than premiums and accrued interest, received from the sale of bonds shall be applied solely to the cost of the works.

Deposit of
revenues

5028. The money received from the collection of the rates, together with any other revenue derived from the operation of the works, shall be deposited in a bank by the treasurer in the same manner that public money is deposited by cities. The money so deposited shall be kept as a separate and distinct fund.

Use of fund

5029. This fund shall be applied as follows:

First, for the payment of the cost of management, maintenance, operation, and repair of the works.

Second, for the required payments into the sinking fund.

Third, the governing body may use any surplus remaining in either or both of the following ways:

(a) For the purchase in the open market of its outstanding unmatured bonds at a price not above par and accrued interest, plus an allowance of six months' interest from date of purchase.

(b) For extensions, or for the enlargement, replacement, or betterment of the works.

Sinking fund

5030. Upon the issuance of bonds the governing body shall by ordinance create a sinking fund for the payment of the bonds and interest, and shall set aside a sufficient amount of the net revenue of the works, after paying the expense of operation, repair, and maintenance, to provide for all of the following:

(a) The interest upon bonds.

(b) The payment of the bonds.

(c) A margin for safety and for the payment of premiums upon bonds retired by call or purchase, which margin, together with any unused surplus of the margin, carried forward from

the preceding year, shall equal 10 per cent of all other amounts required to be paid into the sinking fund.

5031. All money received for premium and accrued interest shall be paid into the sinking fund and used for the purposes for which it was created. Payments into sinking fund

5032. A district issuing bonds shall install and maintain a proper system of accounts, showing the amount of revenue received and its application. The district shall at least once a year cause the accounts to be properly audited by a competent auditor. The report of the audit shall be open for inspection at all times by any taxpayer, user of the works, holder of bonds, or any representative of such person. Accounts
Audit

5033. The treasurer is custodian of the funds derived from income received from the works constructed or acquired under the provisions of this chapter. Treasurer

5034. The treasurer shall give a proper surety bond for the faithful discharge of his duties as custodian, which bond shall be fixed and approved by the governing body. The premium on the surety bond shall be paid by the district. Treasurer's bond

Article 7. Rates and Collection

5040. The governing body shall establish just and equitable rates for the use and maintenance of the works, to be paid by the person leasing or occupying the building or premises served thereby or that in any way uses or is served by the works, and may change and readjust the rates from time to time. The rates shall be sufficient in each year for the payment of the proper and reasonable expenses of operation, repair, replacement, and maintenance of the works, and for payment of the sums required to be paid into the sinking fund. Establishment of rates

5041. The governing body shall establish rates that, beyond all reasonable doubt, will bring in sufficient money to meet the interest and principal on all outstanding bonds as they fall due, in addition to the expense of operation. Amount of rates

5042. Whenever it appears that the rates are insufficient to provide enough money to pay the principal and interest, in addition to the operating expenses, and the governing body neglects or refuses to fix adequate rates therefor, any bondholder may petition the superior court for a writ of mandate to compel the governing body to increase the rates to such an extent as will make them sufficient to provide enough money for those purposes. Court order to fix rates

5043. The governing body may establish variable rates for different classes of users, or for different parts of the area, where all or any portion of the sewage works have been previously installed and financed under other laws or methods, so that the variable rates may be most equitable and just to all concerned. Variable rates

5044. However, the rates may only be imposed and collected from the users of all or any portion of such works as are constructed with money derived from the sale of the bonds. Limitation on rates

Additional rates	5045. If the users of all or any portion of any works previously acquired and financed by other methods receive any additional benefits from the construction or operation of all or any portion of the works subsequently constructed or acquired from the proceeds of the bonds, the governing body may impose reasonable rates on the works previously acquired, but only sufficient to cover the value of the additional benefits.
Hearing	5046. No rates shall be established until after a public hearing, at which all the users of the works and owners of property served or proposed to be served thereby and others interested have opportunity to be heard concerning the proposed rates.
Notice	5047. After introduction of the ordinance, resolution, or order fixing the rate, and before it is finally enacted, notice of the hearing, setting forth the proposed schedule of rates shall be given by one publication in a newspaper published in the district, if there is such a newspaper, but otherwise in a newspaper having general circulation in the district. The notice shall be published at least 10 days before the date fixed in the notice for the hearing. The hearing may be adjourned from time to time.
Adoption of ordinance	5048. After the hearing the ordinance, resolution, or order establishing rates, either as originally introduced or as modified and amended, shall be passed and put into effect.
Copy of schedule	5049. A copy of the schedule of the rates shall be kept on file in the office of the clerk, and shall be open to inspection by any interested person.
Extension of rates to new premises	5050. The rates for any class of users or property served may be extended to cover any additional premises thereafter served which fall within the same class, without the necessity of hearing or notice.
Change of rates	5051. Any change or readjustment of the rates shall be made in the same manner as the rates were originally established.
Penalty for nonpayment	5052. If the rate is not paid when due, on the first day of each calendar month thereafter a penalty of 10 per cent of the amount of the delinquent rate shall be added.
Collection	5053. The rates and penalties may be collected in the following manner:
Actions	(a) An action may be brought in the name of the district against the person who occupied the property when the service was rendered for the collection of the amount of the delinquent rate and all penalties. A reasonable attorney's fee shall be awarded the plaintiff.
Attorney's fee	
Rates	(b) The governing body may provide that the rates shall be collected with the rates for any other utility service rendered by the district and all the rates shall be itemized, billed upon the same bill, and collected as one item, together with and not separate from such other utility service charge.
	(c) Such rates may be collected with the rates for any other utility service furnished by a department or agency of such district over which the legislative body thereof does not exer-

cise control, or with a publicly or privately owned public utility, with the written consent and agreement of said department or agency or public utility owner, which agreement shall establish the terms and conditions upon which such collections shall be made. Such agreement, in the discretion of such department or agency or public utility owner making the collections, also may provide that said rates shall be itemized, billed upon the same bill, and collected as one item, together with and not separately from such other utility service charge.

(Amended by Stats. 1949, Ch. 1507.)

5054. The remedies specified for collecting and enforcing rates are cumulative and may be pursued alternatively or may be used consecutively when the governing body so determines.

Additional
remedies

If any remedy is invalid, all valid remedies shall remain effectual.

5055. Until the principal and interest of the bonds are fully paid any holder of any bond outstanding at any time may compel the use of any or all of the remedies provided in this chapter.

Bondholder
may compel
collection

5056. After rates are fixed pursuant to this article, any person may pay such rates under protest and bring an action against the governing body in the superior court to recover any money which the governing body refuses to refund. Payments made and actions brought under this section, shall be made and brought in the manner provided for the payment of taxes under protest and actions for refund thereof in Article 2, Chapter 5, Part 9, Division 1 of the Revenue and Taxation Code, insofar as those provisions are applicable.

Payments

protest

(Added by Stats. 1949, Ch. 865.)

Article 8. Leases

5060. Any district owning or operating works may contract with one or more other cities, counties, sanitation districts, or sanitary districts for the use of the works, but only to the extent of their capacity and without impairing their usefulness, upon such terms and conditions as may be fixed and approved by ordinances of the respective contracting entities. Contracts shall not be made for a period of more than 15 years nor in violation of the provisions of the ordinance authorizing the bonds.

Contract for
use of works

5061. The governing body of the district may by ordinance establish, change, and adjust rates for the service rendered in the lessee-district by the works, against the owners of the premises served, in the manner provided for establishing, changing, and adjusting rates for the service rendered in the district where the works are owned and operated, and the rates constitute a lien on the property served, and shall be collected as provided for rates made by the owner-district.

Rates for
leased works

5062. The necessary intercepting sewers and appurtenant works for connecting the works of the owner-district with the sewerage system of the lessee-district shall be constructed

Appurtenant

by the owner-district or the lessee-district, or both, upon such terms and conditions as are set forth in the contract, and the cost or that part of the cost which is to be borne by the owner-district may be paid as part of the cost of the works from the proceeds of the bonds unless otherwise provided by the ordinance.

Income from
leased works

5063. The income received by the owner-district under the contract shall, if so provided in the ordinance, be deemed to be a part of the revenue of the works. The owner-district shall deduct from the whole cost and expenses such part as shall be paid by the lessee-district pursuant to the provision of the contract; but no rates shall be imposed or collected from the users of the works or portions thereof except in cases where the works or portions thereof have been acquired by means of the bonds, and unless additional benefits will be derived by the users as a result of the contract. In that case the rates shall be only sufficient to cover the value of the additional benefits.

(Added by Stats. 1951, Ch. 629.)

Excluded
territories

5071. Territory which has been withdrawn from a district which has authorized the issuance of bonds pursuant to this chapter, and which territory continues to use the works, shall remain liable for the payment of its pro rata share of the rates and charges imposed by the district for the use and maintenance of the works.

(Added by Stats. 1951, Ch. 629.)

Territories
annexed
to cities

5072. A city to which any territory has been annexed, whether or not said territory has been withdrawn from a district which has authorized the issuance of bonds pursuant to this chapter, and which territory continues to use the works, may contract with the district to pay the district annually or at lesser intervals a sum or sums in lieu of the payment by the owners or residents within said territory of the rates and charges imposed by the district for the use and maintenance of the works.

5460. The state department or local health officer may issue a peremptory order requiring the abatement of a contamination, and shall immediately furnish to the proper regional board a report of information and data relating thereto.

Coincident with issuing such order the director or local health officer may, or if any order or regulation is not complied with, shall bring and prosecute an action for an injunction in the superior court of the county in which the contamination occurs.

Injunction

(Amended in identical language by Stats. 1945, Ch. 979 and Ch. 1337; repealed and added by Stats. 1949, Ch. 1550.)

5461. Any person who discharges sewage or industrial waste in any manner which results in contamination is guilty of a misdemeanor.

Penalty

(Amended by Stats. 1945, Ch. 979; repealed by Stats. 1945, Ch. 1337; added by Stats. 1949, Ch. 1550.)

5462. Any action taken pursuant to this article with respect to the abatement of contamination created by the disposal of sewage or industrial waste from a community or cooperative sewerage system, shall be taken only against the agent or the agency operating such system and the contributor or contributors to the system whose waste in and of itself creates a contamination.

Defendants

(Repealed and added by Stats. 1949, Ch. 1550.)

5463. Any health officer or governing board of any city, county, or sanitary district, having served written notice upon the owner or reputed owner of land upon which there is a dwelling house, and such owner or reputed owner, after 30 days, having refused, neglected, or failed to connect such dwelling house, together with all toilets, sinks, and other plumbing therein, properly vented, and in a sanitary manner,

Lien for

nection costs

with the adjoining street sewer, may construct the same at a reasonable cost, and the person doing said work at the request of such health officer or governing board has a lien upon said real estate for his work done and materials furnished, and such work done and materials furnished shall be held to have been done and furnished at the instance of such owner or reputed owner, or person claiming or having any interest therein. Such governing board may pay all or any part of the cost or price of such connection to the person or persons who furnished labor, materials, or equipment for the same, and, to the extent such governing board pays the cost or price of said connection, it shall succeed to and have all the rights, including the lien provided for above, of such person or persons against the real estate and against the owner or reputed owner thereof.

Enforcement

As an alternative power to the enforcement of the lien provided for in this section, the governing body of the public agency performing the work of connection to the public sewer may, by order entered upon its minutes, declare that the amount of the costs of such work and the administrative expenses incurred by the governing body incident to the proceedings, together with other charges uniformly applicable within the jurisdiction of the governing body for the connection of the premises to the public sewer, shall be transmitted to the assessor and tax collector of the public agency, whereupon it shall be the duty of those officers to add the amount of the assessment to the next regular bill for taxes levied against the lot or parcel of land.

Same

The liens provided for by this section shall be enforced in the same manner as those provided for by Chapter 2 of Title 4, Part 3 of the Code of Civil Procedure.

(Amended in identical language by Stats. 1945, Ch. 979 and Ch. 1337; repealed by Stats. 1949, Ch. 1550; added by Stats. 1951, Ch. 1159; amended by Stats. 1955, Ch. 1874.)

NOTE: Stats. 1951, Ch. 1159 also contained the following provision:

SEC. 5. It is the intent of the Legislature to accomplish by this act only a formal revision of the law relating to mechanics' liens. Nothing in this act contained shall be construed as an alteration in the public policy or legislative intent regarding such law, nor in the meaning or substance thereof.

or part of
district

6907.5. If a county acquires the whole or any portion of the district, the board of supervisors shall likewise maintain the system acquired, and the expense thereof is a charge upon such area that lies without the limits of any city.

(Added by Stats. 1939, Ch. 621.)

CHAPTER 11. EXCLUSION OF PORTION OF DISTRICT

(Chapter 11 added by Stats. 1947, Ch. 453)

Exclusion of
portion of
district

6910. When a portion of a district has been included within a city by annexation, incorporation, or otherwise the portion so included may be excluded from the district in the manner hereinafter set forth in this chapter, when all of the following conditions exist.

(a) The district has no bonded indebtedness.

(b) There are no other obligations of the district which the portion to be excluded should justly share.

(c) The exclusion will not interfere with the operation of the sewerage system in the balance of the district.

(Added by Stats. 1947, Ch. 453: amended by Stats. 1954 (Ex. Sess.), Ch. 61. In effect April 20, 1954.)

Petition

6911. A petition signed by the owners of at least 25 percent of the real property in the portion to be excluded shall be presented to the board of supervisors of the county in which the district is located. Said petition shall contain the following:

(a) A specific description of the area to be excluded.

(b) A statement of facts showing that the conditions set forth in Section 6910 exist.

(c) A description of the property owned by each signer.

(d) A statement by the county assessor of said county that the petition appears to be signed by the owners of at least 25 percent of the real property in the area described in the petition.

(Added by Stats. 1947, Ch. 453.)

Hearing

6912. Upon receipt of such a petition the board of supervisors shall set the same for hearing on a day not less than 20 days nor more than 35 days thereafter. The clerk of the board of supervisors shall cause a notice of the hearing, which shall contain a description of the property to be excluded, to be published once in a newspaper of general circulation published in the district if there is one, and if not, once in a newspaper of general circulation published in said county at least two weeks preceding the date of hearing.

(Added by Stats. 1947, Ch. 453.)

6913. At the time designated the board of supervisors shall hear the petition, and any person interested, and may adjourn the hearing from time to time. If the board of supervisors upon final hearing determines that the conditions set forth in Section 6910 do exist, it shall make an order excluding said portion, describing the same, from the district and, subject to Political Code Section 3720, said portion thereafter is no longer a portion of the district for any purpose except for collection of district taxes theretofore levied.

Order of
exclusion

(Added by Stats. 1947, Ch. 453.)

6914. Written notice of said proposed hearing shall be mailed by the county clerk to the secretary of the sanitary district. The sanitary board of said district shall report in writing to the board of supervisors as to the extent of such indebtedness and obligations and the effect of such exclusion on the operation of its sewerage system, and said board of supervisors may grant such exclusion after said sanitary board has consented thereto by resolution.

Notice of
hearing

(Added by Stats. 1947, Ch. 1375.)

6915. (a) If said territory shall be subject to any voted bonds or special assessments or assessment bonds issued or levied by the district or any annexed area thereof, for the cost of acquiring or constructing any sanitary sewerage facilities within or for said territory, said legislative bodies may, in said resolutions or agreement, provide that said territory shall be and remain subject to taxes and assessments therefor. In such event said territory shall not become subject to taxes by said city for the cost of similar facilities acquired or constructed by the city for other than said territory.

Tax
exemption

(b) If any territory so indebted shall have assumed any indebtedness of the city for the cost of acquiring or constructing facility for other than said territory, then said legislative bodies shall provide, in said resolutions or agreement, that (1) said territory shall no longer be taxed by said city for said bonds of the city, or (2) that said territory shall no longer be taxed by said district for bonds of said district, or (3) said city shall agree to semiannually pay into the bond interest and redemption fund of said district an amount which would be levied and collected from said territory, in lieu of such tax or assessment within said territory.

Where in-
debtedness
assumed by
territory

(c) If said territory must continue to be serviced by facilities of the city, for the use or cost of which the district is required to pay the city any annual or other sum based on sewage flow or population growth of said district, the agreement therefor shall be so modified as to eliminate any inequality which may result from double taxation. This may be by either agreement on the boundaries of the area to be assessed or taxed therefor or by refund by the city to the district or both.

Double
taxation

(d) When the city and the district have finally agreed as to the conditions upon which said territory shall be withdrawn from said district, three executed copies of said resolutions or agreement shall be filed with the county clerk, who shall give

Notice of
withdrawal

notice of a hearing thereon not less than 10 nor more than 30 days prior to said hearing, by publishing a notice thereof twice in a newspaper published and circulated in said territory and most likely to give notice therein. Said notice shall describe the territory, and briefly describe the conditions agreed upon and give notice of the time and place of said hearing.

Hearing

(e) After the board of supervisors has fully heard and considered said matter and all persons interested therein, and, if it shall find that said agreement is fair and equitable, it shall adopt a resolution ordering said exclusion. The conditions agreed upon shall be contained therein. If it shall find that said terms are not fair and equitable, it shall refer said matter to said legislative bodies who shall redetermine said matter as in the first instance and their determination shall again be heard by the board of supervisors as in the first instance.

Agreements

(f) Either the city or the district may request the other to agree upon the terms and conditions upon which said territory shall be withdrawn and excluded from said district. If the city and the district are unable to agree on such terms and conditions within three months thereafter, the city or district, whichever has requested such agreement, may bring an action in the superior court of the county in which said territory proposed to be excluded is situated against the other political corporation to have such terms and conditions determined. In

Adjudication

such action, the superior court shall determine and adjudicate the terms and conditions upon which said territory shall be withdrawn and excluded from said district, and upon the making of the final judgment in such action, said territory shall be ordered excluded from said sanitary district upon the terms and conditions of said judgment, and said order shall be final.

Filing of resolution

(g) When said exclusions have been ordered, certified copies of said resolution, together with certified copies of the resolutions of the city and district, shall be filed by the county clerk in the records of said city and of said district, with the county assessor and county auditor and with the State Board of Equalization, and said territory shall be subject to taxation as therein provided from and after February 1st following the filing of same.

Maps and descriptions

(h) The maps and descriptions accompanying the notice of exclusion required to be filed under Sections 54900 to 54903, inclusive, of the Government Code shall clearly show the boundaries of the several taxing areas resulting from the agreement.

(Added by Stats. 1949, Ch. 801; amended by Stats. 1953, Ch. 341.)

Limitation

6916. No agreement, order or judgment shall be made under Section 6915 which shall relieve any territory of any bonded indebtedness of the district or of any annexed territory thereof to such an extent as to cause the remaining outstanding bonded indebtedness of the district or of such annexed ter-

ritory to be in excess of 15 percent of the total assessed valuation of all taxable property remaining within such district or within such annexed area so affected.

(Added by Stats. 1953, Ch. 1568.)

6917. This section provides an alternative procedure for the exclusion of any portion of territory within a district. Any portion of a district which is not substantially and directly benefited by being in the district, or by its continued inclusion therein, may be excluded from the district by order of the board of supervisors upon receipt of the verified petition of the owners in fee of land within that portion of the district, which has an assessed value with improvements in excess of one-half of the assessed value of all the privately owned land and improvements in the portion of the district proposed to be excluded. Alternative procedure

The contents of the petition, the filing thereof, and the notice of hearing thereon, shall be as provided in Sections 58231 to 58236, inclusive, of the Government Code. If, upon the hearing, the board of supervisors determines that it is for the best interests of the district that all or any part of the portion of the district proposed to be excluded, be excluded from the district, or if it determines that all or part of such portion will not be benefited by continued inclusion in the district, the board of supervisors shall make an order that all or part of such portion be excluded from the district. The order shall describe specifically the land excluded.

Any portion of a district which is excluded from the district pursuant to this section shall, nevertheless, be subject to taxation and be otherwise chargeable for the payment and discharge of all of the obligations of the district outstanding at the time of the filing of the petition for exclusion of the area, as fully as though that portion had not been withdrawn.

(Added by Stats. 1954 (Ex. Sess.), Ch. 61. In effect April 20, 1954.)

6940. Notwithstanding the provisions of Chapter 161 of the Statutes of 1891, or the provisions of the Sanitary District Act of 1919, as the provisions of these acts existed at the time of their repeal, the board of any sanitary district organized or reorganized under and continuing in existence and subject to these acts may elect to avail itself of the assessment roll of the properties within the district, used by the county in which the district is situated, and may take that assessment as the basis for district taxation.

(Added by Stats. 1941, Ch. 990.)

6940.3. The board shall declare its election by resolution and shall file a certified copy with the auditor and the assessor of the county on or before the first Monday in February of the year in which the district proposes to use the county assessment roll.

Thereafter, until the board by resolution elects otherwise all taxes shall be collected by the county assessor and tax collector of the county.

(Added by Stats. 1941, Ch. 990.)

Statement

6940.6. Following the board's election, the county auditor shall on or before the fourth Monday in August of each year transmit to the board a written statement showing the total value of all property in the district, which value shall be ascertained from the assessment roll used by the county for that year.

Fix rate

6940.9. Not later than the first day of September the district board shall fix the rate of taxation for district purposes and for the payment of the principal and interest of that year upon outstanding bonds and the payment of the principal and interest that the board believes will become due during the year on bonds authorized but not sold.

6941.3. The board shall designate the number of cents on each one hundred dollars (\$100) to be levied for each fund and the fund into which the proceeds shall be paid, using as a basis the value of property as assessed on the county roll.

The district board shall immediately transmit to the auditor of the county in which the district is situated a statement of the tax rate fixed.

(Added by Stats. 1941, Ch. 990.)

Computation

6941.6. The auditor shall then compute and enter in a separate column in the county assessment roll the respective sums to be paid as a district tax on the property in the district, using the rate of levy as fixed by the board and the assessed value as found on the assessment roll.

The taxes so levied shall be collected at the same time and in the same manner as county taxes are collected, and when collected shall be at once paid to the treasurer.

(Added by Stats. 1941, Ch. 990.)

6941.9. The taxes are a lien on all the property in the district, and the taxes, whether for the payment of a bonded indebtedness, or for other purposes, shall be of the same force and effect as other liens for taxes, and their collection shall be enforced by the same means as provided for the enforcement of liens for county taxes. Duty and

7100. The right to control the disposition of the remains of a deceased person, unless other directions have been given by the decedent, vests in, and the duty of interment and the liability for the reasonable cost of interment of such remains devolves upon the following in the order named:

- (a) The surviving spouse.

The liability for the reasonable cost of interment devolves jointly and severally upon all kin of the decedent in the same degree of kindred and upon the estate of the decedent.

Prior
directions
of decedent

A decedent, prior to his death, may direct the preparation for, type or place of interment of his remains, either by oral or written instructions. If such instructions are in a will or other written instrument, he may direct that the whole or any part of his remains be given to a teaching institution, university, college, legally licensed hospital, or to the State Director of Public Health, and the person or persons otherwise entitled to control the disposition of such remains under the provisions of this section shall faithfully carry out the directions of the decedent subject only to the provisions of this chapter with respect to the duties of the coroner.

If such instructions are contained in a will, they shall be immediately carried out, regardless of the validity of the will in other respects or of the fact that the will may not be offered for or admitted to probate until a later date.

This section shall be administered and construed to the end that such expressed instructions of any person shall be faithfully and promptly performed.

A funeral director or cemetery authority shall not be liable to any person or persons for carrying out such instructions of the decedent.

(Amended by Stats. 1947, Ch. 125.)

Liability
of estate

7101. When any decedent leaves an estate in this State, the reasonable cost of interment and an interment plot of sufficient size to constitute a family plot and memorial including reasonable sums for either, or both, general and special endowment care of the plot proportionate to the value of the estate and in keeping with the standard of living adopted by the decedent prior to his demise, together with interest thereon from the date of interment, shall be considered as a part of the funeral expenses of the decedent and shall be paid as a preferred charge against his estate as provided in the Probate Code.

Burden of
proof on
rejected
claim

If a claim for an interment plot or memorial is rejected the burden of proving that the cost of the interment plot or memorial is disproportionate to the value of the estate and the standard of living adopted by the decedent while living shall be upon the executor or administrator rejecting the claim. This

chapter does not prohibit any relative or friend of a decedent from assuming the duty or paying the expense of interment.

(Amended by Stats. 1939, Ch. 339, and by Stats. 1951, Ch. 176.)

7102. Any person in whose possession such remains are found, shall, upon demand by the coroner, surrender such remains to him.

Custody of
remains

7103. Every person, upon whom the duty of interment is imposed by law, who omits to perform that duty within a reasonable time is guilty of a misdemeanor. Failure
to inter:
Penalties

7104. When no provision is made by the decedent, or where the estate is insufficient to provide for interment and the duty of interment does not devolve upon any other person residing in the State or if such person can not after reasonable diligence be found within the State the person who has custody of such remains may require the coroner of the county where the decedent resided at time of death to take possession of such remains and he shall inter the same in the manner provided for the interment of indigent dead.

Interment
by coroner

(Amended by Stats. 1939, Ch. 339.)

7105. If the person vested with the duty of interment fails, refuses or neglects within a reasonable time after death of the decedent to make such interment, a cemetery authority having possession of the remains, or any relative of the decedent, may file a petition in the superior court in the county in which the decedent resided at the time of his death, or in which the remains are located, naming as defendant the person vested with the duty of interment and seeking an order of the court directing the defendant to make interment of the remains.

Compelling
interment:
Petition

If no person residing in the State vested with the duty of making interment is known to the petitioner, or if such person after reasonable diligence can not be found within the State, and that fact appears from the petition, the petitioner may make the coroner of the county in which the petition is filed the party defendant.

(Amended by Stats. 1939, Ch. 339.)

7106. A cemetery authority may seek an order providing for the interment of the remains of one or more decedents. Where a proceeding is commenced involving the remains of more than one decedent the allegations of the petition shall

More than
one decedent

separately state the facts as to each, and the court may make a separate order as to each.

Notice of
hearing

7107. Notice of the time and place of the hearing on the petition shall be given as the court may direct. Upon the hearing the court shall make its order providing for the interment of the remains in such manner, at such time, and at such place as the court may determine to be just and proper, and for the best interests of the public health.

(a) The surviving spouse.

(b) A surviving child or parent.

(c) The next of kin.

(d) A person who has acquired the right to control the disposition of the remains.

A cemetery authority is not liable for cremating or making an interment pursuant to such authorization, unless it has actual notice that such representation is untrue.

Action
against
cemetery
authority

7112. No action shall lie against any cemetery authority relating to the cremated remains of any person which have been left in its possession for a period of five years, unless a written contract has been entered into with the cemetery authority for their care or unless permanent interment has been made.

Nothing in this section shall be construed as an extension of the existing statute prescribing the period within which an action based upon a tort must be commenced. No licensed funeral director shall be liable in damages for any cremated human remains after the remains have been deposited with a cemetery in the State of California.

(Amended by Stats. 1939, Ch. 458.)

Permission
for autopsy

7113. (Added by Stats. 1947, Ch. 1293; amended by Stats. 1955, Ch. 1334.)

An order purporting to be a prescription issued to an addict or habitual user of narcotics, not in the course of professional treatment but for the purpose of providing the user with narcotics sufficient to keep him comfortable by maintaining his customary use, is not a prescription within the meaning and intent of this division; and the person filling such an order, as well as the person issuing it, may be charged with violation of the law. Any physician, who by court order or order of any state or governmental agency, or who voluntarily surrenders his narcotic privileges, shall not possess, administer, or prescribe a narcotic unless and until such privileges have been restored and he has obtained current registration from the United States Collector of Internal Revenue as provided by law. Surrender of narcotic privileges

Execution and contents

(Amended by Stats. 1939, Ch. 1097; by Stats. 1945, Ch. 955; and by Stats. 1949, Ch. 1475.)

11166.02. The provisions of this article regarding the amount of explosives that may be kept or stored in a magazine, or prescribing the distance at which a magazine shall be situated from a building, railroad, or highway, do not apply to persons engaged in mining or quarrying operations.

Nature 12176. A magazine of the first class is a structure in which more than 100 pounds of explosives are stored or kept.

Construction: Material 12177. The magazine shall be constructed wholly of fireproof material. It shall be fireproof and, unless it is used only for the storage of gunpowder or black blasting powder, bullet proof.

Openings 12178. The magazine shall have no openings except for ventilation and entrance.

Doors 12179. The doors of the magazine shall be fireproof and bullet proof. They shall at all times be kept closed and locked, except when necessarily opened by persons lawfully entitled to enter the magazine for the purpose of storing or removing explosives.

Reduced
distance

12188. Any applicable minimum distance may be one-half of that set forth in the quantity and distance table if the nearest building, railroad, or highway is effectually screened from the magazine either by a natural ground or an efficient artificial barricade of such height that:

(a) A straight line drawn from the top of any side wall of the magazine to any part of the building will pass through the barricade.

(b) A straight line drawn from the top of any side wall of the magazine to any point 12 feet above the center of the railroad or highway will pass through the barricade.

Nonappli-
cation of
table

12189. The quantity and distance table is not applicable to any magazine if the nearest building, railroad, or highway is effectually screened from the magazine by a natural barrier, which:

(a) At any one point is 40 feet or more in height above a straight line drawn from the top of any side wall of the magazine to any part of the building, or to any point 12 feet above the center of the railroad or highway.

(b) Has a natural thickness of not less than 200 feet at the point where it is intersected by the straight line.

When
distance
reduced on
construction
of new build-
ing, etc.

12190. If at any time the distance from a magazine to the nearest building, highway, or railroad is decreased through the construction of a new building, highway, or railroad, the quantity of explosives kept or stored in the magazine shall be reduced to correspond with that specified for the new distance by the quantity and distance table. The distance need not be reduced, however, in the event that a new building is constructed in bad faith and with the intent to annoy, harass, oppress, or hinder the owner of the magazine.

Article 3. Magazines of the Second Class

Procedure	The procedure to effect such removal or recall shall be as follows: A petition demanding the election of a successor to the person sought to be removed shall be filed with the secretary of the district board, which petition shall be signed by registered electors of such district equal in number to at least 25 percent of the highest vote cast within such district for candidates for the office, the incumbent of which is sought to be removed, at the last general election in such district at which an incumbent of such office was elected; and said petition shall

contain a statement of the grounds on which the removal or recall is sought, which statement is intended solely for the information of the electors. Any insufficiency of form or substance in such statement shall in nowise affect the validity of the election and proceedings held thereunder. The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence, and if within a town having named streets and numbered houses, street and number. Within 10 days from the date of filing such petition, the secretary of the board shall examine and from the records of registration ascertain whether or not said petition is signed by the requisite number of qualified electors, and he shall attach to said petition his certificate showing the result of said examination.

If by the said certificate the petition is shown to be insufficient, it may be supplemented within 10 days from the date of such certificate, by the filing of additional papers, duplicates of the original petition except as to the names signed. The secretary shall, within 10 days after such supplementing papers are filed, make like examination of such supplementing petitions, and if a certificate shall show that all the names to such petition, including the supplemental papers, are still insufficient, no action shall be taken thereon; but the petition, including all supplemental papers, shall remain on file as a public record; and the failure to secure sufficient names shall be without prejudice to the filing later of an entirely new petition to the same effect.

If the petition, including any supplemental paper, shall be found to be sufficient, the secretary shall submit the same to the district board without delay, whereupon the board shall forthwith cause a special election to be held within not less than 35 nor more than 40 days after the date of the order calling such election, to determine whether the voters will recall such officer; provided, that if a general election is to occur within 60 days from the date of the order calling for such election, the board may in its discretion postpone the holding of such election to such general election or submit such recall election at any such general election for officers of such district occurring not less than 35 days after such order. If a vacancy occur in said office after a recall petition is filed, the recall election shall nevertheless proceed as in this section provided. One petition is sufficient to propose a removal and election of one or more elective officials. One election is competent for the removal and election of one or more elective officials.

Nomination
procedure

Nominations for any office under such recall election shall be made in the manner prescribed as follows: Not less than 15 days before such recall election any 10 or more qualified electors in the district may file with the district board a nomination petition requesting that the names of certain electors of the district, specified in such nomination petition be placed on the ballot as candidates for the offices named therein. Such nomination petitions shall not specify more than one name for each office to be voted upon at such recall election. The name of the incumbent officer sought to be recalled shall not be named in any nomination petition. The names proposed by the various nomination petitions so filed, and no others, shall be printed on the ballots, but there shall be sufficient blank spaces left in which electors may write other names if they so desire. The nomination petitions shall be preserved in the office of the secretary of the district.

Ballot

There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" following which questions shall be the words "Yes" and "No" on separate lines, with a blank space at the right of each, in which the voter shall indicate, by stamping a cross (X), his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office nor shall the name thereof be written in any blank space provided for said office.

If a majority of those voting on said question of the recall of any incumbent from office shall vote "No", said incumbent shall continue in said office. If a majority shall vote "Yes", said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The election shall be conducted, canvass of all votes for candidates for said office shall be made, and the result declared in like manner as in a regular election within such district. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within 10 days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law. If the vote at any such recall election shall not recall the officer, no further petition for the recall of such officer shall be filed before the expiration of six months from the date of such recall election.

fibers"

(d) It has recently come to notice that of the various natural or synthetic fibers adapted and adaptable for use in the making of articles, as herein defined, some are so inflammable as to constitute a dangerous risk of fire and hazard of injury to persons and property. Provision should be made for the avoidance of such risks and hazards by preventing the use of such highly inflammable fibers. It is not feasible by statute to prescribe more specific tests than those herein prescribed, for it would appear that none such have yet been fully developed. It is necessary, therefore, to commit to the State Fire Marshal the conduct of research in these matters, the development of tests for these materials, and the administration of the provisions of this chapter for the prevention of the risks and the avoidance of the hazards described.

Notice of the decision of the Fire Marshal shall be served upon the petitioner. 19816. Any vendor who knowingly and wilfully violates any rule or regulation of the Fire Marshal relating to inflammable articles shall be guilty of a misdemeanor.

Penalty

(Added by Stats. 1945, Ch. 728.)

NOTE: Stats. 1945, Ch. 728, also contained the following provision:

SEC. 9. If any section, subsection, clause, sentence or phrase of this act which is reasonably separable from the remaining portions of this act is for any reason held to be unconstitutional, such decision shall not affect the remaining portions of this act. The Legislature hereby declares that it would have passed the remaining portions of this act, irrespective of the fact that any such section, subsection, clause, sentence or phrase of this act be declared unconstitutional.

Permits

Insofar as the regulations do not grant an automatic permit for the operation or use of any article, machine, equipment or contrivance in existence upon the effective date of such regulations, a permit shall not be required without first affording the owner, operator, or user thereof a reasonable time within which to apply for such permit, and to furnish the air pollution control officer the information required pursuant to Section 24269.

CHAPTER 2.5. BAY AREA AIR POLLUTION CONTROL DISTRICT

(Chapter 2.5 added by Stats. 1955, Ch. 1797)

Article 1. Short Title

(Article 1 added by Stats. 1955, Ch. 1797)

24345. This chapter may be cited and shall be known as the Bay Area Air Pollution Control Law.

Short title

(Added by Stats. 1955, Ch. 1797.)

Article 2. Declaration of Policy

(Article 2 added by Stats. 1955, Ch. 1797)

24346. The Legislature finds and declares that the people of the State of California have a primary interest in atmospheric purity and freedom of the air from any air contaminants and that there is pollution of the atmosphere in certain

Legislative
intent

portions of the State which is detrimental to the public peace, health, safety, and welfare of the people of the State.

(Added by Stats. 1955, Ch. 1797.)

Declaration
of necessity

24346.1. The Legislature further finds and declares:

(a) That in portions of the State the air is polluted with smoke, charred paper, dust, soot, grime, carbon, noxious acids, fumes, gases, odors, particulate matter, and other air contaminants.

(b) That it is not practical or feasible to prevent or reduce such air contaminants by local county and city ordinances.

(c) That it is necessary, therefore, to provide for air pollution control districts in those portions of the State where regulations are necessary and feasible to reduce air contaminants in order to safeguard life, health, property and the public welfare and to make possible the comfortable enjoyment of life and property.

(Added by Stats. 1955, Ch. 1797.)

Problems of
air pollution

24346.2. The problems of air pollution are primarily regional and dependent upon factors of weather, topography, population, transportation, methods of waste disposal, and agricultural and industrial development. These factors vary greatly from area to area. The San Francisco Bay area, with its permanent temperature inversion layer, presents a special problem, distinct from that found in the remainder of the State. This chapter is enacted to provide a special district to control and suppress air pollution in that area.

Special law

Since the problem requiring this legislation is local and special due to atmospheric and geographic conditions, a general law cannot be made applicable so as to insure its effective alleviation. It is necessary, therefore, to create, by special law, an air pollution control district which includes only that area within the boundaries of the Counties of Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, and Sonoma.

(Added by Stats. 1955, Ch. 1797.)

(Added by Stats. 1955, Ch. 1797)

24365. The provisions of this chapter do not prohibit the discharge of air contaminants to a greater extent or for a longer time, or both, than permitted by Article 10 or by rules, regulations, or orders of the board, if not of a greater extent or longer time than the hearing board or a court after a hearing before the hearing board finds necessary pursuant to the provisions of this article.

Construction

(Added by Stats. 1955, Ch. 1797.)

24365.1. The hearing board on its own motion or at the request of any person may hold a hearing to determine under what conditions and to what extent a variance from the requirements established by Article 10 or by rules, regulations, or orders of the board is necessary and will be permitted.

Findings

24365.5. If the hearing board finds that because of conditions beyond control compliance with Article 10 or with any rule, regulation, or order of the air pollution control board will result in an arbitrary and unreasonable taking of property or in the practical closing and elimination of any lawful business, occupation or activity, in either case without a sufficient corresponding benefit or advantage to the people in the reduction of air contamination, it shall prescribe other and different requirements not more onerous applicable to plants and equipment operated either by named classes of industries or persons, or to the operation of separate persons; provided, however, that no variance may permit or authorize the maintenance of a nuisance.

(Added by Stats. 1955, Ch. 1797.)

Determination

24365.6. In determining under what conditions and to what extent a variance from said requirements is necessary and will be permitted, the hearing board shall exercise a wide discretion in weighing the equities involved and the advantages and disadvantages to the residents of the district and to any lawful business, occupation or activity involved, resulting from requiring compliance with said requirements or resulting from granting a variance.

If either the identity or address of any person entitled to notice is unknown, the hearing board shall serve such person by publication of notice once in a newspaper of general circulation published within the district.

(Added by Stats. 1955, Ch. 1797.)

24365.10. The hearing board in making any order permitting a variance may specify the time during which such order will be effective, in no event to exceed one year, but such variance may be continued from year to year without another hearing on the approval of the control officer.

Duration
of order

(Added by Stats. 1955, Ch. 1797.)

24365.11. If any local county or city ordinance has provided regulations similar to those in Article 10 or to any order, regulation, or rule prescribed by the board, and has provided for the granting of variances, and pursuant to such local ordinance a variance has been granted prior to notification of the district, such variance shall be continued as a variance of the hearing board for the time specified therein or one year, whichever is shorter, or until and unless prior to the expiration of such time the hearing board modifies or revokes such variance as provided in this article.

DIVISION 23. HOSPITAL DISTRICTS

(Division 23 added by Stats. 1945, Ch. 932)

NOTE—Stats. 1947, Ch. 18, which amended, repealed and added various sections of this division, also contained this section:

SEC. 16. (a) All local hospital districts heretofore organized and functioning under, or under color of The Local Hospital District Law, are hereby declared to have been legally organized and to be legally functioning as such districts. Every such district shall have all the rights, powers and privileges and be subject to all the duties and obligations of such a district regularly formed pursuant to law.

(b) The boundaries of every local hospital district as heretofore established, defined or recorded are hereby confirmed, validated and declared legally established.

(c) All acts and proceedings heretofore taken by any local hospital district under any law, or under color of any law, for the issuance or sale of bonds of such district for any public purpose are hereby confirmed, validated and declared legally effective. This shall include all acts and proceedings heretofore done or taken in connection with any election upon the question of the issuance, sale or exchange of such bonds. All such bonds heretofore issued, or heretofore authorized to be issued, when hereafter issued in substantially the form contemplated in such authorization shall be, in the form and manner in which issued and delivered, the legal, valid and binding obligations of the district.

(d) This section shall be limited to the correction of defects, irregularities and ministerial errors in complying with statutory requirements which the Legislature originally could have omitted from the law under which such acts or proceedings were taken.

(e) This section shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

CHAPTER 1. FORMATION OF DISTRICT

(Chapter 1 added by Stats. 1945, Ch. 932)

"The Local
Hospital
District
Law"

Organization,
etc.

Territory
included

32000. This division shall be known and may be cited as "The Local Hospital District Law."
(Added by Stats. 1945, Ch. 932.)

32001. A local hospital district may be organized, incorporated and managed, may annex or exclude territory, or consolidate with other such districts or may be dissolved, as provided in this division and may exercise the powers herein granted or necessarily implied. Such a district may include incorporated or unincorporated territory, or both, or territory in any one or more counties. The territory comprising this district need not be contiguous but the territory of a municipal corporation shall not be divided; provided, that land either in a municipal corporation or in unincorporated territory which the supervising authority finds will not be benefited shall not be included.

Where territory has been excluded from a local hospital district by a supervising authority or by a governing body, it shall not thereafter, in the absence of a finding based upon substantial evidence of changed conditions with respect thereto, be included or annexed.

Territory
excluded

(Added by Stats. 1945, Ch. 932; amended by Stats. 1947, Ch. 430, by Stats. 1949, Ch. 1075, by Stats. 1953, Ch. 567, and by Stats. 1955, Ch. 1525.)

32002. The manner of formation of local hospital districts, the conducting of elections, the annexation and exclusion of territory and the consolidation and dissolution of such districts unless otherwise provided herein shall be as in the manner provided by Chapter 1, Title 6 of the Government Code. All of the provisions of said chapter are hereby incorporated in this division by reference and shall have the same effect and force as if fully set forth herein. For the purposes of said chapter, the requisite number of petitioners or protestants in a proceeding for the exclusion of territory from the district shall be, unless otherwise prescribed in this division, 15 percent of the total number of registered voters in the territory affected by the petition or proposal but not less than 15, such number to be determined by the clerk as of the date that he affixes his certification to the petition. In addition to all other requirements regarding formation of hospital districts, no hearing upon the petition to form a hospital district shall be held until there shall have been filed with the supervising authority a certificate from the State Department of Public Health stating its findings in accordance with the standards established for allocated funds under the California Hospital Survey and Construction Act, upon the following facts:

Formation
procedure

(a) The need for hospital beds in the hospital service area to be served.

(b) The fulfillment of needs in the service area based upon hospital beds in existence or under construction.

(c) Upon request of the supervising authority the State Department of Public Health shall furnish its findings regarding (a) and (b).

(Added by Stats. 1945, Ch. 932; amended by Stats. 1949, Ch. 1209, by Stats. 1953, Ch. 567, and by Stats. 1955, Ch. 1568.)

32002.1. Not less than 30 days prior to the time of any district election, the governing body of the district shall, by resolution entered on its minutes:

Resolution:

(a) State the time of the election, the hours during which the polls will be open, and the purpose for which the election is held.

Time of
election, etc.

(b) Prescribe the manner of voting and the form of ballot to be used.

(c) Designate a polling place for each precinct and appoint for each precinct an election board consisting of at least one

Notice to electors (d) Order the secretary to mail notice of appointment to each election officer, and notice of polling place and sample ballot to each qualified elector of the district.

(Added by Stats. 1949, Ch. 1209; amended by Stats. 1953, Ch. 750.)

32002.2. (Added by Stats. 1949, Ch. 1209; amended by Stats. 1951, Ch. 756; repealed by Stats. 1953, Ch. 750.)

Publication of notice 32002.3. Notice of all district elections shall be given by publishing the notice calling the election not less than once a week for two successive weeks before the election in a newspaper published in the district, if there is one, but, if none, then in a newspaper published in the county. Said notice need only specify the time and place of the election, the hours during which the polls will be open, and the officers to be elected and the propositions to be voted upon.

(Added by Stats. 1949, Ch. 1209.)

Application of law 32002.4. No notice of the election, other than the notice prescribed in Section 32002.3, need be given and Section 58171 of the Government Code shall not apply to hospital district elections.

(Added by Stats. 1953, Ch. 750.)

Petition 32003. Whenever the formation of a local hospital district is desired, a petition may be presented at a regular meeting of the supervising authority of the county in which the land, or a greater portion of the land, in the proposed district is situated, said petition to be signed by the registered voters residing within the boundaries of the proposed district, equal in number to at least 15 percent of the number of votes cast in said proposed district for the office of Governor at the last preceding election at which a Governor was elected. The number of written protests required to terminate the proceedings shall be a majority of the registered voters residing in the proposed district.

Declaration of organization If a majority of all the votes cast in the proposed district are in favor of organization, the supervising authority by resolution entered on its minutes shall declare the district duly organized under this act, shall give the name of the district as theretofore designated and shall describe the boundaries of such district. The county whose supervising authority declares the district organized shall be designated the "organizing county."

(Added by Stats. 1945, Ch. 932; amended by Stats. 1947, Ch. 18.)

Annexation of territory 32004. A petition for annexation of land to a local hospital district shall be signed by registered voters residing within the territory proposed for annexation, equal in number to at least 15 percent of the number of votes cast in that territory for the Office of Governor at the last preceding election at which a Governor was elected. If upon the hearing held upon the petition, the governing body subject to the provisions of Section 32001 of this code deems it for the best interest of the dis-

trict that said territory, or part thereof, be annexed, it shall call and hold an election within the territory or area proposed to be annexed, as the boundaries thereof are described in a resolution of the board of directors of such district adopted at the termination of such hearing, to decide whether or not the proposed annexation shall take place. If a majority of the votes cast at such election, in said territory, be in favor of annexation, the district governing body may by resolution declare the territory annexed and shall describe the altered boundaries of the district; or such district governing body may, by resolution, order and call an election within the district to submit to the electors thereof the question of the annexation of the territory proposed to be annexed to such district.

(Added by Stats. 1945, Ch. 932; amended by Stats. 1949, Ch. 1322, and by Stats. 1955, Ch. 1525.)

32004.1. As an alternative procedure to that prescribed in Section 32004, territory may be annexed without an election in the territory proposed to be annexed when the required petition has been signed by owners of the real property in the territory proposed to be annexed representing at least 60 percent of the total assessed valuation of the territory as shown by the last equalized county assessment roll and at least 60 percent of the number of parcels of land within the territory. The petition shall in addition to the matters required by Section 32004 show the amount of real property owned by each of the petitioners and its assessed valuation as shown by the last equalized county assessment roll.

Alternative
procedure

(Added by Stats. 1949, Ch. 1209.)

32004.3. Upon filing of the petition for annexation, the governing body shall fix a time and place for the hearing thereof and shall cause a notice to be published, containing

Notice of
hearing

- (a) The date of filing of the petition.
- (b) The number of signers to the petition.
- (c) A description of the location or boundaries of land described in the petition.
- (d) The prayer of the petition.
- (e) The time and place fixed for the hearing thereof.
- (f) Statements to the effect that all persons interested in or affected by such change in the boundaries of the district may appear and show cause why such change should not be made and written requests for not including all or any portion of the territory proposed to be annexed will be heard and considered.

The notice shall be published once each week for two successive weeks prior to the date set for the hearing in a newspaper of general circulation published in the district; and, if there is no such newspaper in the district, then, in such a newspaper in the county.

Publication

(Added by Stats. 1949, Ch. 1209; amended by Stats. 1955, Ch. 1525.)

32004.4. If upon the hearing of the petition the governing body of the district determines subject to the provisions of Section 32001 of this code that the best interest of the dis-

Annexation
of territory

Protests

trict will be served by annexing such territory, or part thereof, and if no protest as hereinafter provided is made against such annexation, the governing body may annex the territory described in the petition, or any portion thereof without an election in the district. If protests to the annexation are made to the governing body by registered voters residing within the district equal in number to at least 5 percent of the number of votes cast in the district for the Office of Governor at the last preceding election at which a Governor was elected or if protests to the annexation are made by a similar percentage of the number of votes cast in the area proposed to be annexed for the Office of Governor at the last preceding election at which a Governor was elected, or in the event the governing board determines that the best interests of the district will be served by holding an election, in either the district or in the territory proposed to be annexed or in both, such election shall be called and held within the district or in the territory proposed to be annexed or in both, to decide whether or not such proposed annexation to the district shall take place. If such an election is required, the annexation may be completed only if a majority of the votes cast within the area in which the election is held are in favor of annexation.

Election

(Added by Stats. 1949, Ch. 1209; amended by Stats. 1955, Ch. 1525.)

Fixing of
boundaries

32004.5. Upon the final hearing of the petition, the governing board of the district shall fix the boundaries of the territory proposed to be annexed and the time, not less than sixty days from date of the order, for holding any election that may be required.

(Added by Stats. 1949, Ch. 1209.)

Resolution

32004.6. If a majority of votes cast within the area in which the election is held, and in both the district and the territory proposed to be annexed if an election is held in both areas, are in favor of annexation, or, if no election is required and the governing body determines subject to the provisions of Section 32001 of this code that such annexation is for the best interests of the district, it shall, by resolution entered in its minutes, declare the territory annexed and shall describe the altered boundaries of the district. A certified copy thereof shall be filed in the office of the county recorder, the county assessor, county engineer, the State Board of Equalization and the Secretary of State.

Filing

(Added by Stats. 1949, Ch. 1209; amended by Stats. 1955, Ch. 1525.)

Petition for
exclusion

32004.7. A petition for exclusion of land from any local hospital district shall be signed by registered voters residing within the territory proposed to be excluded, equal in number to at least 15 percent of the number of votes cast in that territory for the Office of Governor at the last preceding election at which a Governor was elected, but not fewer than

200; provided, however, that no land shall be excluded hereunder from a district if the exclusion would result in (a) the reduction of the assessed valuation of all property in the district below the assessed valuation of all of the property in the district at the time of its formation or, if a hospital has been constructed by the district, at the date patients are first treated therein, or (b) the reduction of the population of the district below the population of the district at the time of its formation or, if a hospital has been constructed by the district, at the date patients have been first treated therein. The population estimate shall be determined on the same basis as the estimate prepared for the State Department of Public Health for hospital service areas. If upon the hearing held upon the petition the governing body determines that the petition is sufficient, that the residents of the area will not be substantially benefited by the operations of the district, and that the exclusion is for the best interests of the district, it shall by resolution declare the territory excluded and shall describe the altered boundaries of the district. If, however, the governing body determines that the petition is sufficient, but that the residents of the area will be benefited by the operations of the district or that the exclusion is not for the best interest of the district, it shall call and hold an election within the territory or area proposed to be excluded, as the boundaries thereof are described in a resolution of the board of directors of such district adopted at the termination of such hearing, to decide whether or not the proposed exclusion shall take place. If a majority of the votes cast at such election, in said territory, be in favor of exclusion, the district governing body shall by resolution declare the territory excluded and shall describe the altered boundaries of the district.

Determination

Election

(Added by Stats. 1955, Ch. 441.)

32004.8. The hearing, notice, election, fixing of boundaries, declaration of exclusion by resolution, and filing of the resolution, unless otherwise provided in Section 32004.7, shall be as in the manner provided by Sections 32004.3, 32004.4, and 32004.5 relating to annexation of territory.

(Added by Stats. 1955, Ch. 441.)

32004.9. Any area excluded from a district shall be subject to assessment and be otherwise chargeable for the payment and discharge of all of the obligations outstanding at the time of the filing of the petition for the exclusion of the area as fully as though the area had not been excluded. All provisions which could be used to compel the payment by an excluded area of its portion of the outstanding obligations had the exclusion not occurred may be used to compel the payment on the part of the area of the portion of the outstanding obligations of the district for which it is liable.

Liability of excluded area

(Added by Stats. 1955, Ch. 441.)

32004.91. An excluded area is not subject to assessment or otherwise chargeable for any obligation of any nature or kind

(Added by Stats. 1955, Ch. 441.)

Dissolution

32005. Upon the filing of a petition with the board of hospital directors signed by 10 percent of the qualified electors in the district, the board of hospital directors shall submit the question of dissolution of the district to the district electors; provided, the following conditions exist:

(a) The district has been organized for at least two years.

(b) The district has no hospital or bonded debt.

(c) Two succeeding district bond issues, next preceding submission of the question of the district's dissolution to the voters, were defeated at elections.

(Added by Stats. 1953, Ch. 531.)

(Added by Stats. 1953, Ch. 531.)

Resolution
of dissolution

32007. The board of hospital directors shall file a certified copy of the resolution with the Secretary of State and for record in the office of the county recorder of each of the counties in which any part of the district is situated. Thereupon the district is dissolved for all purposes.

(Added by Stats. 1953, Ch. 531.)

CHAPTER 2. BOARD OF DIRECTORS
(Chapter 2 added by Stats. 1945, Ch. 932)

Article 1. Election and Organization
(Article 1 added by Stats. 1945, Ch. 932)

32100. The elective officers of a local hospital district shall be a board of hospital directors consisting of five members, each of whom shall be a registered voter residing in the district and whose term shall be four years, with the exception of the first board. The first board of directors shall be appointed, upon the formation of the district, by the board of supervisors of the county in which the land or a greater part of the land in the district is situated. Upon their appointment, the first board so appointed shall so classify themselves by lot that two members thereof shall go out of office the first Tuesday in January next following the election or appointment if no election is held and qualification of their successors as herein provided, and three members will go out of office two years thereafter. Any vacancy upon said board shall be filled by appointment by the remaining members of said board of directors. Any person appointed to fill such vacancy shall hold office only until a successor, to serve for the remainder of such unexpired term, has been elected at the next regular hospital district election and has qualified.

Board of
hospital
directors

(Added by Stats. 1945, Ch. 932; amended by Stats. 1947, Ch. 18, and by Stats. 1949, Ch. 1322.)

32100.1. A petition for election of directors by zones may be signed and filed with the board of directors by registered voters residing within a local hospital district, equal in number to at least 15 percent of the number of votes cast in that district for the Office of Governor at the last preceding election at which a Governor was elected. Upon receipt of this petition the board of directors shall, by resolution, divide the local hospital district into five zones and number the zones consecutively from 1 to 5. In establishing these zones the board of directors shall provide for representation in accordance with population and geographic factors of the entire area of the local hospital district. The board of directors shall fix the time and place for a hearing on the proposed establishment of zones. At this hearing any elector of the district may present his views and plans in relation to the proposed zoning, but the board of directors shall not be bound thereby and their decision, in the resolution adopted, shall be final.

Petition

Division
into zones

Hearing

After the hearing and final determination by the board of directors the board shall then prepare a measure to be printed on the ballots used at the next general hospital district election, or at a special election to be held for that purpose. The measure shall be printed on the ballots substantially as follows:

Printing of
measure

"Shall members of the board of directors be elected by zones, as described in the resolution of the board of directors dated _____?", with the words "Yes" and "No" so printed

in connection therewith that the voters may express their choice.

Canvass

The returns of such election shall be canvassed and declared as at other general hospital district elections, and if it appears that a majority of the votes cast in such election are in favor of said measure the board of directors shall by resolution declare the zones established and shall describe the boundaries of the zones. At the expiration of the terms of office of the members of the board of directors then in office, and thereafter, such members of the board of directors shall be elected by zones. If, at the expiration of said terms of office, three members of the board of directors are to be elected, those three members shall be elected from the zones designated by odd numbers; if two members are to be elected, those two members shall be elected from zones designated by even numbers.

Election of members

33015. "State" includes any state agency or instrumentality.

"State"

33016. "Public body" means the State, or any city, county, district, authority, or any other subdivision or public body of the State.

"Public
body"

from

(f) Purchase or legally invest in any of the bonds of an agency and exercise all of the rights of any holder of such bonds.

Article 2. Declaration of State Policy

Blighted
areas:

33040. It is found and declared that there exist in many communities blighted areas which constitute either social or economic liabilities, or both, requiring redevelopment in the interest of the health, safety, and general welfare of the people of such communities and of the State. These blighted areas are characterized by one or more of the conditions set forth in Sections 33041 to 33044, inclusive.

Character-
istics

33041. A blighted area is characterized by the existence of buildings and structures, used or intended to be used for living, commercial, industrial, or other purposes, or any combination of such uses, which are unfit or unsafe to occupy for such purposes and are conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, and crime because of any one or a combination of the following factors:

(a) Defective design and character of physical construction.

(b) Faulty interior arrangement and exterior spacing.

(c) High density of population and overcrowding.

(d) Inadequate provision for ventilation, light, sanitation, open spaces, and recreation facilities.

(e) Age, obsolescence, deterioration, dilapidation, mixed character, or shifting of uses.

33042. A blighted area is characterized by:

(a) An economic dislocation, deterioration, or disuse, resulting from faulty planning.

(b) The subdividing and sale of lots of irregular form and shape and inadequate size for proper usefulness and development.

(c) The laying out of lots in disregard of the contours and other physical characteristics of the ground and surrounding conditions.

(d) The existence of inadequate streets, open spaces, and utilities.

(e) The existence of lots or other areas which are subject to being submerged by water.

33043. A blighted area is characterized by a prevalence of depreciated values, impaired investments, and social and economic maladjustment to such an extent that the capacity to pay taxes is reduced and tax receipts are inadequate for the cost of public services rendered. Same

33044. A blighted area is characterized by: Same

(a) In some parts of the blighted area, a growing or total lack of proper utilization of areas, resulting in a stagnant and unproductive condition of land potentially useful and valuable for contributing to the public health, safety, and welfare.

(b) In other parts of the blighted area, a loss of population and reduction of proper utilization of the area, resulting in its further deterioration and added costs to the taxpayer for the creation of new public facilities and services elsewhere.

33045. It is further found and declared that:

(a) The existence of blighted areas characterized by any or all of such conditions constitutes a serious and growing menace which is condemned as injurious and inimical to the public health, safety, and welfare of the people of the communities in which they exist and of the people of the State.

(b) Such blighted areas present difficulties and handicaps which are beyond remedy and control solely by regulatory processes in the exercise of the police power.

(c) They contribute substantially and increasingly to the problems of, and necessitate excessive and disproportionate expenditures for, crime prevention, correction, prosecution, and punishment, the treatment of juvenile delinquency, the preservation of the public health and safety, and the maintaining of adequate police, fire, and accident protection and other public services and facilities.

(d) This menace is becoming increasingly direct and substantial in its significance and effect.

(e) The benefits which will result from the remedying of such conditions and the redevelopment of blighted areas will

accrue to all the inhabitants and property owners of the communities in which they exist.

Same

33046. It is further found and declared that:

(a) Such conditions of blight tend to further obsolescence, deterioration, and disuse because of the lack of incentive to the individual landowner and his inability to improve, modernize, or rehabilitate his property while the condition of the neighboring properties remains unchanged.

(b) As a consequence the process of deterioration of a blighted area frequently cannot be halted or corrected except by redeveloping the entire area, or substantial portions of it.

(c) Such conditions of blight are chiefly found in areas subdivided into small parcels, held in divided and widely scattered ownerships, frequently under defective titles, and in many such instances the private assembly of the land in blighted areas for redevelopment is so difficult and costly that it is uneconomic and as a practical matter impossible for owners to undertake because of lack of the legal power and excessive costs.

(d) The remedying of such conditions may require the public acquisition at fair prices of adequate areas, the clearance of the areas through demolition of existing obsolete, inadequate, unsafe, and insanitary buildings, and the redevelopment of the areas suffering from such conditions under proper supervision, with appropriate planning, and continuing land use and construction policies.

State
policy

33047. For these reasons it is declared to be the policy of the State:

(a) To protect and promote the sound development and redevelopment of blighted areas and the general welfare of the inhabitants of the communities in which they exist by remedying such injurious conditions through the employment of all appropriate means.

(b) That whenever the redevelopment of blighted areas cannot be accomplished by private enterprise alone, without public participation and assistance in the acquisition of land, in planning and in the financing of land assembly, in the work of clearance, and in the making of improvements necessary therefor, it is in the public interest to employ the power of eminent domain, to advance or expend public funds for these purposes, and to provide a means by which blighted areas may be redeveloped or rehabilitated.

(c) That the redevelopment of blighted areas and the provision for appropriate continuing land use and construction policies in them constitute public uses and purposes for which public money may be advanced or expended and private property acquired, and are governmental functions of state concern in the interest of health, safety, and welfare of the people of the State and of the communities in which the areas exist.

(d) That the necessity in the public interest for the provisions of this part is declared to be a matter of legislative determination.

(Amended by Stats. 1951, Ch. 1624.)

33048. It is found and declared that blighted areas may include housing areas constructed as temporary government-owned wartime housing projects, and that such areas may be characterized by one or more of the conditions enumerated in Sections 33041 to 33044, inclusive.

33203. If an agency has not redeveloped or acquired land for, or commenced the redevelopment of, a project, or entered into contracts for redevelopment within two years after the adoption of such a resolution, the legislative body may by resolution declare that there is no further need for the agency. Upon the adoption of the resolution the offices of the agency members are vacated and the capacity of the agency to transact business or exercise any powers is suspended until the legislative body adopts a resolution declaring the need for the agency to function.

Dissolution

If a member is removed, a record of the proceedings and the charges and findings shall be filed in the office of the clerk of the community.

Interest in property by officer, etc.

33236. No agency or community officer or employee who in the course of his duties is required to participate in the formulation of or to approve plans or policies for the redevelopment of a project area shall acquire any interest in any property included within a project area within the community. If any such officer or employee owns or has any direct or indirect financial interest in such property, he shall immediately make a written disclosure of it to the agency and the legislative body which shall be entered on their minutes. CHAPTER 4. REDEVELOPMENT PLANS

Article 1. Formulation of Redevelopment Plans

33700. Each agency shall prepare or cause to be prepared, or adopt, a redevelopment plan for each project area and for that purpose may hold hearings and conduct examinations, investigations, and other negotiations.

Preparation
or adoption

33701. Every redevelopment plan shall provide for participation in the redevelopment of property in the project area by the owners of all or part of such property if the owners agree to participate in the redevelopment in conformity with the redevelopment plan adopted by the legislative body for the area. This section does not prohibit the owners from submitting an alternative plan pursuant to this part.

Property
owner
partici-
pation

33702. Every redevelopment plan which contemplates property owner participation in the redevelopment shall contain alternative provisions for redevelopment of the property if the owners fail to participate in the redevelopment as agreed.

Alternative
provisions

33703. A redevelopment plan for a project area shall conform to the master or general community plan insofar as the latter applies to the project area. The agency shall consult with the planning commission of the community in formulating redevelopment plans. A redevelopment plan for a project area shall be based upon the approved tentative plan, but any amendments to a redevelopment plan pursuant to Section 33747 need not be based on the approved tentative plan.

Conformance
with master
plan

(Repealed and added by Stats. 1955, Ch. 1761. In effect July 8, 1955.)

33704. Before the redevelopment plan of each project area is submitted to the legislative body, it shall be submitted to the planning commission for its report and recommendation concerning the redevelopment plan and its conformity to the master or general community plan adopted by the planning commission or the legislative body. Within 30 days after a redevelopment plan is submitted to it for consideration, the planning commission shall make and file its report and recommendation with the agency.

Planning
commission
action

33705. If the planning commission recommends against the approval of the redevelopment plan, the legislative body may adopt such plan by a two-thirds vote of its entire membership. If the planning commission recommends approval or fails to make any recommendation within the time allowed, the legislative body may adopt the redevelopment plan by a majority vote of the entire membership.

Adoption

33706. Every redevelopment plan shall describe the proposed method of financing the redevelopment of the project area in sufficient detail so that the legislative body may determine the economic feasibility of the plan.

Financing

33707. Every redevelopment plan shall show:

(a) The amount of open space to be provided and street layout.

Contents of
redevelo-
ment plan

(b) Limitations on type, size, height, number, and proposed use of buildings.

(c) The number of dwelling units.

(d) The property to be devoted to public purposes and the nature of such purposes.

(e) Other covenants, conditions, and restrictions which the legislative body prescribes.

Acquisition
of property

33708. A redevelopment plan may provide for the agency to acquire by gift, purchase, lease, or condemnation all or part of the real property in the project area.

Lease or
sale of
property

33709. A redevelopment plan shall provide for the agency to lease or sell all real property acquired by it in any project area, except property conveyed by it to the community. Any such lease or sale shall be conditioned on the redevelopment and use of the property in conformity with the redevelopment plan.

Bond
issuance

33710. A redevelopment plan may provide for the agency to issue bonds and expend the proceeds from their sale in carrying out the redevelopment plan.

Submission
to legis-
lative body

33711. Upon the formation or adoption of a redevelopment plan and its submission to the planning commission of the community, the agency shall submit it to the legislative body.

Article 2. Adoption of Redevelopment Plans

Consider-
ation

33730. The legislative body shall consider the redevelopment plan of a project area submitted by the agency, any alternative plan submitted pursuant to this part, and all evidence and testimony for or against the adoption of the plans.

Determi-
nation

33731. On the question of the adoption of any redevelopment plan, the legislative body shall determine:

(a) Whether the plan would redevelop the area in conformity with this part and in the interests of the public peace, health, safety, and welfare.

(b) Whether the adoption and carrying out of the redevelopment plan is economically sound and feasible.

Alternative
plans

33732. If alternative plans are submitted, the legislative body shall give preference to the plan which it deems will best redevelop the project area in conformity with the purposes and policy of this part and the master or general plan for the community and which requires the least interference with the continued enjoyment of existing property rights consistent with the purposes of this part.

Adoption

33733. If the legislative body determines that the redevelopment plan conforms to the master or general plan of the community, that it is economically sound and feasible, and that the carrying out of the plan would promote the public peace, health, safety, and welfare of the community and would effectuate the purposes and policy of this part, by ordinance adopted by a majority vote of all the members it may adopt the plan as the official redevelopment plan for the project area.

33734. If the plan provides for the expenditure of any money by the community, the legislative body shall provide for such expenditure at the time of or in connection with the approval of the plan. Expenditure of money

33735. If the plan provides for the opening, closing, widening, or changing the grade of any streets or alleys or any other modification of the street layout in the project area, the legislative body shall declare its intention to institute proceedings therefor at the time of or in connection with the adoption of the plan. Street, etc., changes

33736. If the plan provides for the condemnation of any real property, the legislative body shall not adopt the plan unless it contains adequate provisions for payment for property so acquired as provided by law. Condemnation of property

33737. If the plan provides for the issuance of bonds or other obligations of the agency, the legislative body shall not approve the plan unless it contains adequate provision for the payment of the principal and interest when they become due and payable. Bond issuance

33738. If the plan provides for the temporary or permanent displacement of any occupants of housing facilities in the project area, the legislative body shall not approve the plan except upon the finding that adequate permanent housing facilities are or will be made available in the community for such displaced occupants at rents comparable to those in the community at the time of their displacement. Housing for displaced inhabitants

(Amended by Stats. 1951, Ch. 1624.)

33739. The legislative body shall also be satisfied that such permanent housing facilities will be made available within three years from the time such occupants are displaced and that pending the development of such facilities there will be available to such displaced occupants adequate temporary housing facilities at rents comparable to those in the community at the time of their displacement. Same

(Amended by Stats. 1951, Ch. 1624.)

33740. (Repealed by Stats. 1951, Ch. 1624.)

33741. No plan shall be approved unless it contains adequate safeguards that the work of redevelopment will be carried out pursuant to the plan and provides for the retention of controls and the establishment of any restrictions or covenants running with land sold or leased for private use for such periods of time and under such conditions as the legislative body deems necessary to effectuate the purposes of this part. The establishment of such controls is a public purpose under the provisions of this part. Safeguards

33742. The approval of a redevelopment plan by a legislative body shall be by ordinance. The ordinance shall: Ordinance of adoption

(a) Contain a legal description of the boundaries of the project area covered by the redevelopment plan.

(b) Set forth the purposes and intent of the legislative body with respect to the project area.

(c) Refer specifically to the determinations required in other sections of this article.

(d) Contain by reference to maps, reports, and other information the full details of the approved plan.

(e) Designate the approved plan as the official redevelopment plan of the project area.

Agency
responsibility

33743. Upon the filing of the ordinance with the clerk or other appropriate officer of the legislative body, a copy of the ordinance shall be sent to the agency, and the agency is vested with the responsibility for carrying out the plan.

Contracts

33744. Before entering into any or certain types of contracts in connection with the redevelopment plan, the legislative body may require the agency to submit such contracts to the legislative body and obtain its approval.

Failure
of owners
to partici-
pate

33745. If the redevelopment plan adopted provides for participation in the redevelopment of property in the area by the owners of such property, and if for 30 days after the adoption of the plan, the owners fail or refuse to enter into a binding agreement for participation in accordance with the plan, the alternative provisions provided for in Section 33702 become effective as the official redevelopment plan of the project area. The legislative body may extend the 30-day period by not more than 60 days.

Contest
of validity

33746. After the adoption of the redevelopment plan and the expiration of the period provided for in Section 33745, further proceedings which affect the specific area in which the owners refused to participate with reference to redevelopment of the project area shall be stayed for 30 days.

Any action to contest the validity of the proceedings for the adoption of a redevelopment plan is barred upon the expiration of such period of 30 days. In any action commenced after the expiration of the 30-day period, except as to matters affecting jurisdiction, the validity of the proceedings is conclusively presumed.

Upon the expiration of the 30-day stay, the agency has the authority to execute the plan.

Amendment

33747. If at any time after the adoption of a tentative or redevelopment plan for a project area by the legislative body, it becomes necessary or desirable to amend or modify such plan, the legislative body may amend such plan upon the recommendation of the agency.

Hearing:
Notice

Before recommending amendment of the plan the agency shall hold a public hearing on the proposed amendment. Notice of such hearing shall be published once a week for three successive weeks prior to the date of hearing in a newspaper of general circulation, printed and published in the community, or, if there is none, in a newspaper selected by the agency. The notice of hearing shall include a legal description of the boundaries of the area designated in the plan to be amended and a general statement of the purpose of the amendment. Copies of the notices shall be mailed to the last known assessee

of each parcel of land within such boundaries, at his last known address as shown by the records of the assessor for the community, and to persons, firms, or corporations which have acquired property within such boundaries from the agency, at his last known address as shown by the records of the agency. If after the public hearings the agency recommends substantial changes in the plan which affect the master or community plan adopted by the planning commission or the legislative body, such changes shall be submitted to the planning commission for its report and recommendation to the legislative body within 30 days after such submission.

Agency recommendation

After receiving the recommendation of the agency concerning such changes in the plan, and not sooner than 30 days after the submission of changes to the planning commission, the legislative body shall hold a public hearing on the proposed amendment, notice of which hearing shall be published in a newspaper in the manner and at the times designated above for notice of hearing by the agency. If after such hearing the legislative body determines that the amendments in the plan, proposed by the agency, are necessary or desirable, the legislative body shall adopt an ordinance amending the ordinance adopting the plan thus amended.

CHAPTER 5. FINANCIAL PROVISIONS

Article 1. General

Construction

33854. The money appropriated by the legislative body to the Community Redevelopment Agency Administrative Fund is money granted by the community to defray the administrative expenses of the agency which is performing a public function of the community and the grant of money in this manner is not to be construed as making the agency a department of the community or as placing the officers, agents, counsel, and employees under civil service of the community.

Financial
reports

33855. Each such agency shall file with the legislative body a detailed report of all its transactions, including a statement of all revenues and expenditures, at monthly, quarterly, or annual intervals as the legislative body may prescribe.

provisions

33889. The legislative body of any community may abolish the Redevelopment Revolving Fund whenever it finds that the purposes for which it was established have been accomplished. PART 2. HOUSING AUTHORITIES

CHAPTER 1. HOUSING AUTHORITIES LAW

Short title

34200. This chapter may be cited as the Housing Authorities Law.

Declaration

34201. It is hereby declared:

(a) That there exist in the State insanitary or unsafe dwelling accommodations and that persons of low income are forced to reside in such accommodations; that within the State there is a shortage of safe or sanitary dwelling accommodations available at rents which persons of low income can afford and that such persons are forced to occupy overcrowded and congested dwelling accommodations; that these conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals, and welfare of the residents of the State and impair economic values; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident protection, and other public services and facilities.

(b) That these slum areas cannot be cleared, nor can the shortage of safe and sanitary dwellings for persons of low income be relieved, through the operation of private enterprise, and that the construction of housing projects for persons of low income would therefore not be competitive with private enterprise.

(c) That the clearance, replanning, and reconstruction of the areas in which insanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations for persons of low income are public uses and purposes for which public money may be spent and private property acquired and are governmental functions of state concern; that it is in the public interest that work on such projects be commenced as soon as possible in order to relieve unemployment which now constitutes an emergency; and the necessity in the public interest for the provisions of this chapter is declared as a matter of legislative determination.

CHAPTER 1.5. TAX EXEMPTION OF HOUSING AUTHORITY PROPERTY

(Ch. 1.5 added by Stats. 1953, Ch. 93, as part of codification)

34400. It has been found and declared in the Housing Authorities Law and the Housing Cooperation Law (a) that there exist in the State housing conditions which constitute a menace to the health, safety, morals and welfare of the residents of the State; (b) that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident prevention, and other public services and facilities; (c) that the public interest requires the remedying of these conditions by the creation of housing authorities to undertake projects for slum clearance and for providing safe and sanitary dwelling accommodations for persons who lack sufficient income to enable them to live in decent, safe and sanitary dwellings without overcrowding; and (d) that such housing projects are for public uses and purposes and are governmental functions of state concern. As a matter of legislative determination, it is hereby found and declared that the property and bonds of a housing authority are of such character as shall be exempt from taxation. Legislative declaration

(Added by Stats. 1953, Ch. 93, as part of codification.)

34401. The property of an authority is exempt from all taxes and special assessments of the State or any city, county, or political subdivision of the State. CHAPTER 2. HOUSING COOPERATION LAW

34500. This chapter may be cited as the Housing Cooperation Law. Short title

34501. public health and safety, fire and accident protection, and other public services and facilities; and that the public interest requires the remedying of these conditions. It is found and declared that:

(b) It is a proper public purpose for any state public body to aid any housing authority operating within its boundaries or jurisdiction or any housing project located therein, as the state public body derives immediate benefits and advantages from such an authority or project.

(c) The provisions of this chapter are necessary in the public interest.

The amount of the payments shall not exceed the estimated cost to the state public body of the improvements, services, or facilities to be furnished.
